KETE GROUP LIMITED

Customized Flexible Printing and Packaging Converting Machines
Leading Manufacturer

Our Philosophy

KETE is Committed to Providing You with The Best Quality Flexible Printing and Packaging Machines and Converting Equipment at Competitive Prices. We Aim to Establish an **HONEST, OPEN, And LONG-TERM RELATIONSHIP** with You, Achieving **WIN-WIN COOPERATION**, And **REALIZING SUSTAINABLE DEVELOPMENT**.

Our Values

| We Specialize in Flexible Printing & Packaging Converting Machines Efficient Manufacturing

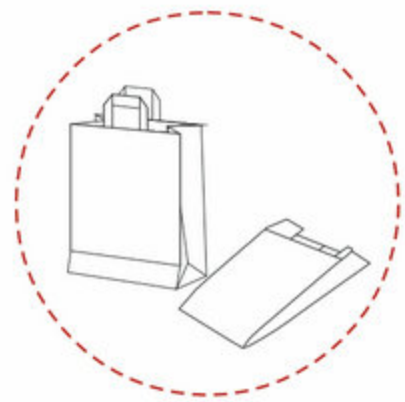

KETE GROUP LIMITED is a Leading Manufacturer of Flexible Printing Packaging and Converting Machines for Efficient Manufacturing, We had supplied more than **1000** sets of machines installed in over **80** countries worldwide. Our machines are designed based on high-quality manufacturing products. Our company was founded in 2011 and uses “**KETE**” as a leading brand for foreign market business, continuously committed to providing sustainable vertically integrated machines solution for printing packaging and converting fields.

In order to create more value and offer a one-stop service for our customers, year by year we collect all the knowledge and resource to service our customers with complete solutions. Mainly included the non woven Products production line, paper products production line, plastic products production line, label production line, wine capsules production line, Flexible Printing production line, etc.

We had passed **ISO9001:2008** quality certificated system and **CE** safety certificated system, **RoHS** health safety certificated system. Benefiting from professional technology and capital resource, we pay great attention to Sustainability product innovation, and environmental protection. We are continuing to increase our R&D and Technology investment for paper bag making machines, non woven bag making machines, degradable plastic bag making machines, water base flexographic printing machines, and water base rotogravure printing machines. KETE People will keep Innovation for environmental responsibility.

customer satisfaction and productivity are of the most importance, we will keep our slogan "**Your Success is our Business**" to continue creating value for customers and achieve self-worth. We are looking forward to cooperating with you soon

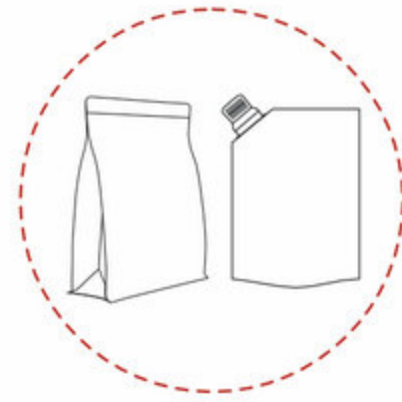

KETE Builds Personalized Solutions and Custom Integrations Converting Machines for Specific Flexible Packaging Business Needs

KTNW-D600/DT600/M600

Multifunction Fully Automatic Non Woven Bag Making Machine

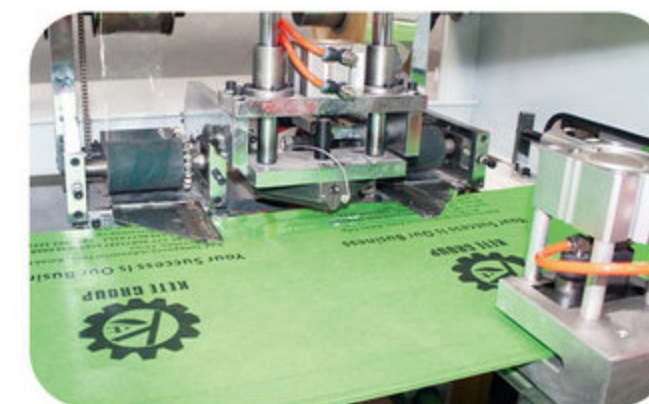

Feature:

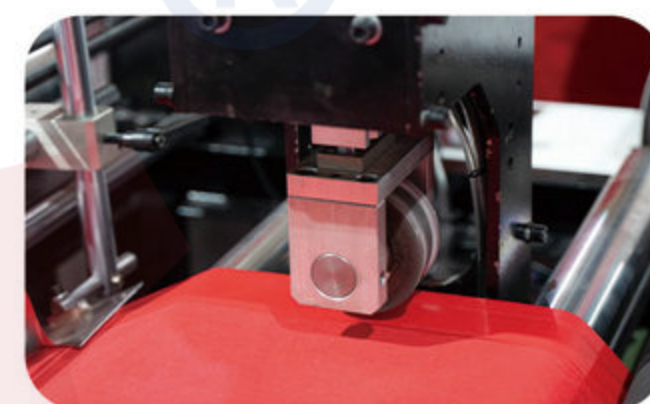

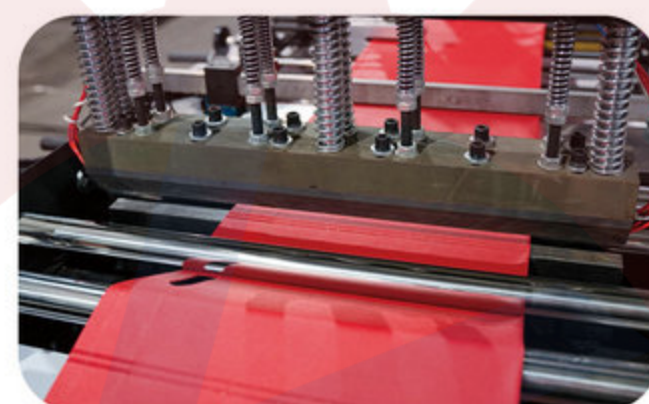

This Fully Automatic Non Woven Bag Making Machine Is Suitable To Use Roll Non Woven Fabrics To Make D Cut Bags, T-Shirt Bags, Soft-Loop Handle Bags, Vice Box Bottom Bags Fully Automatic. It Is an High Efficient Bag Making Machine.

Machine Function:

- With PLC touch Screen Control System.
- With Ultrasonic Sealing System.
- Material Feeding Control by Step motor.
- Unwind with Auto Loading and EPC System.
- With Auto Length Control System.
- With Automatic Counting System.
- With Auto Temperature Control System.
- With Auto Photo Sensor Checking System.
- D Cut Bag with Auto Banana Handle Punch System.
- T -shirt Bag with Auto W Cut and U Cut Punch system.
- With Auto Soft Loop Handle Attached System.
- Optional: Servo Motor Drive System.

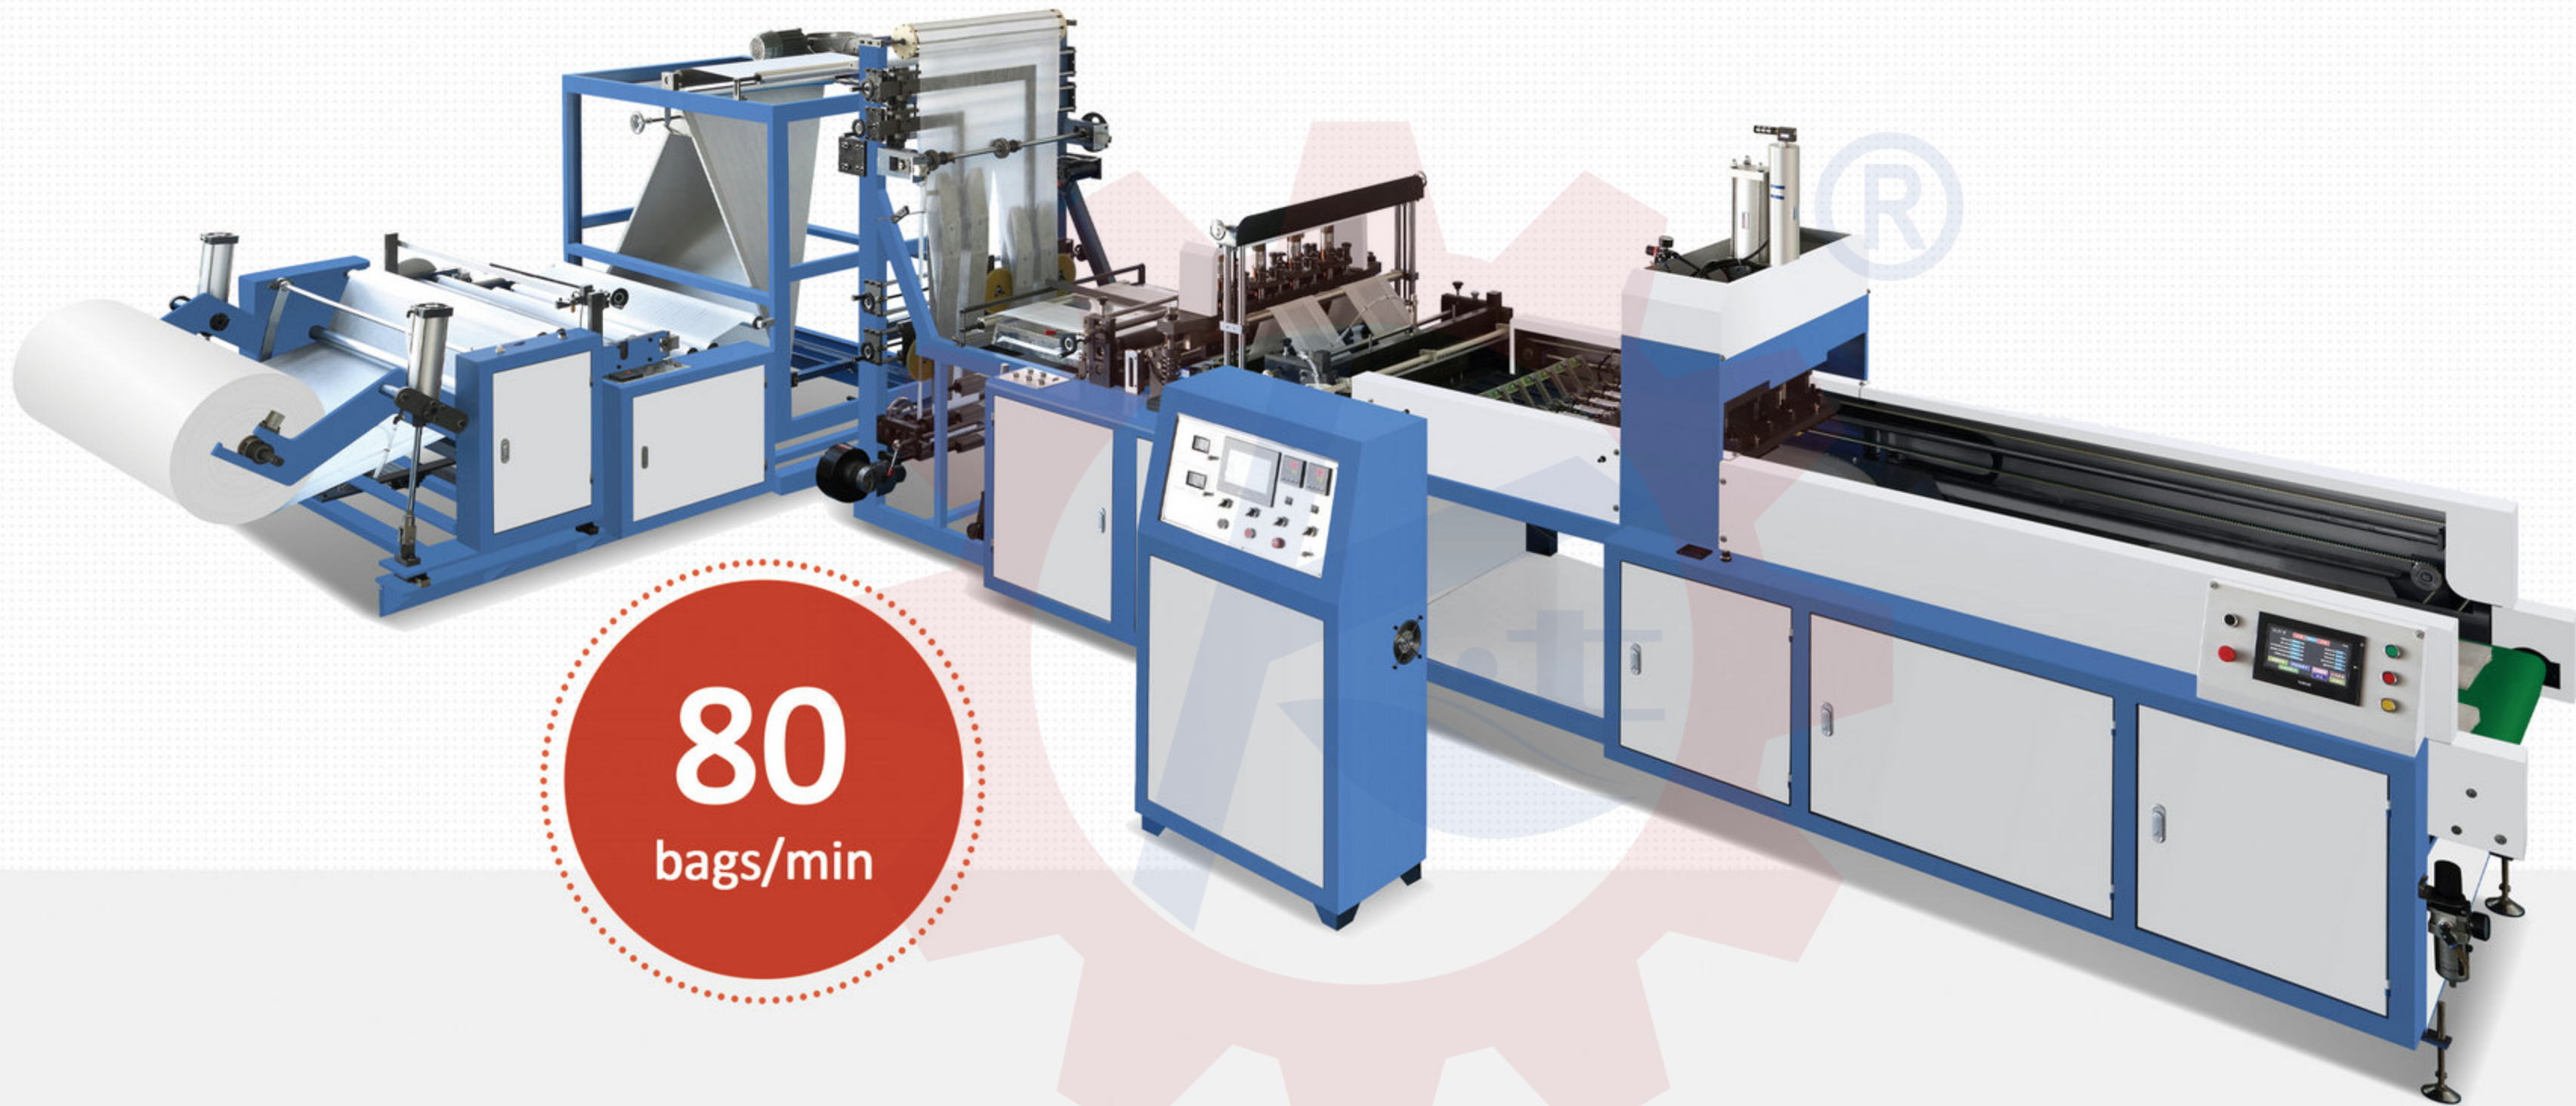

Model	KTNW-D600/DT600/M600
Raw Material	PP Non-Woven Fabric / RPET Non-Woven Fabric
Finished Bag	D Cutting Bag/T-Shirt Bag /Soft Loop Handle Bag Vice Box Bag/Rope Bag
Material Thickness	30-120gsm (1.18"-4.72")
Max. Bag Making Speed	120 pcs/min

KTNW-T1/T2

Fully Automatic W Cut Non Woven Bag Making Machine

80
bags/min

Feature:

This W Cut Non Woven Bag Making Machine Is Suitable To Use Roll Non Woven Fabrics To Make T-Shirt Bags Fully Automatic. It has 1 Line or 2 Lines for Your Choice.

Machine Function:

- With PLC touch Screen Control System.
- With Ultrasonic Sealing System.
- Material Feeding Control by Step motor.
- Unwind with Auto Loading and EPC System.
- With Auto Length Control System.
- With Automatic Counting System.
- With Auto Temperature Control System.
- With Auto Photo Sensor Checking System.
- T-shirt Bag with Auto W Cut and U Cut Punch System.
- Optional: Servo Motor Drive System.

Model	KTNW-T1/T2
Production Line	1 line / 2lines
Unwind Roll	Single Roll / Double Roll
Finished Bags	W Cut Bag and U Cut Bag (T-shirt Bag)
Material Thickness	30-70gsm (1.18"-2.76")
Max. Bag Making Speed	80bags/min (110bags/min) x 2

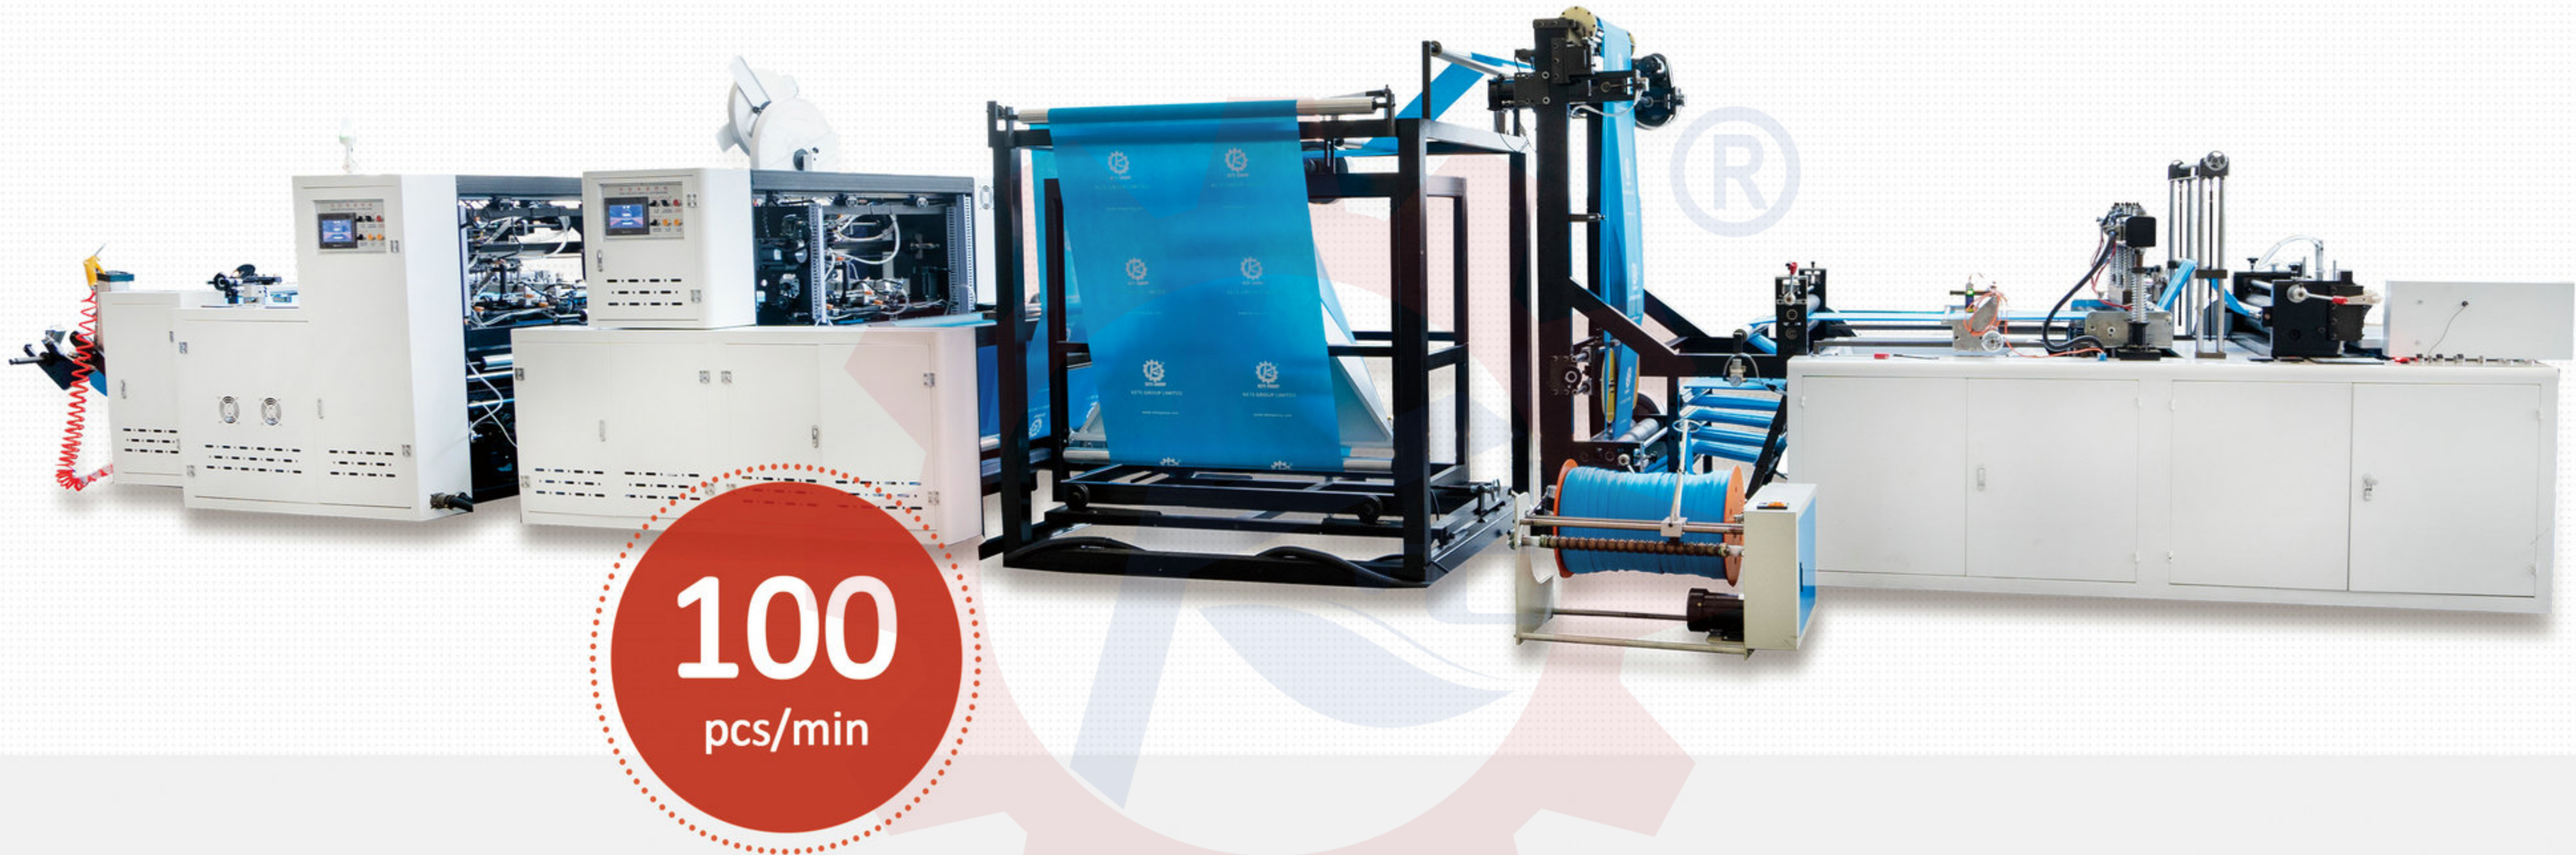

Non Woven Bag Making Machine

KTNW-TH

Side Gusset Non Woven Soft Loop Handle Bag Making Machine

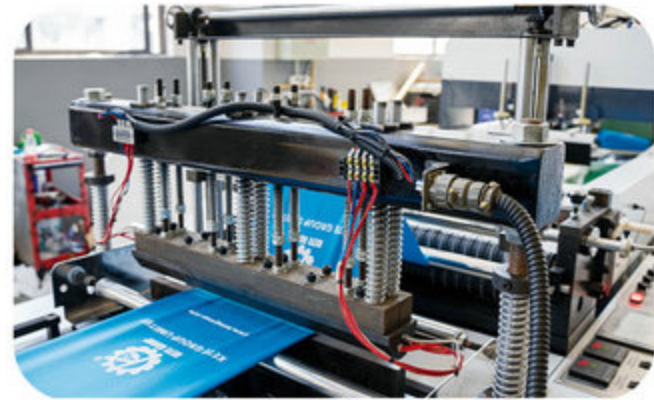

100
pcs/min

Feature:

This Side Gusset Non Woven Soft Loop Handle Bag Making Machine Is Suitable To Use Roll Non Woven Fabrics To Make Side Gusset Loop Handle Bag Fully Automatic.

Machine Function:

- With PLC touch Screen Control System.
- With Ultrasonic Sealing System.
- Material feeding Control by Step motor.
- Unwind with Auto Loading and EPC System.
- With Auto Length Control System.
- With Automatic Counting System.
- With Auto Temperature Control System.
- With Auto Photo Sensor Checking System.
- With Auto Soft Loop Handle Attach System.
- With Auto Inline Printing Mark Printing System.
- With Auto Waste Recycle System.
- Optional: Servo Motor Drive.

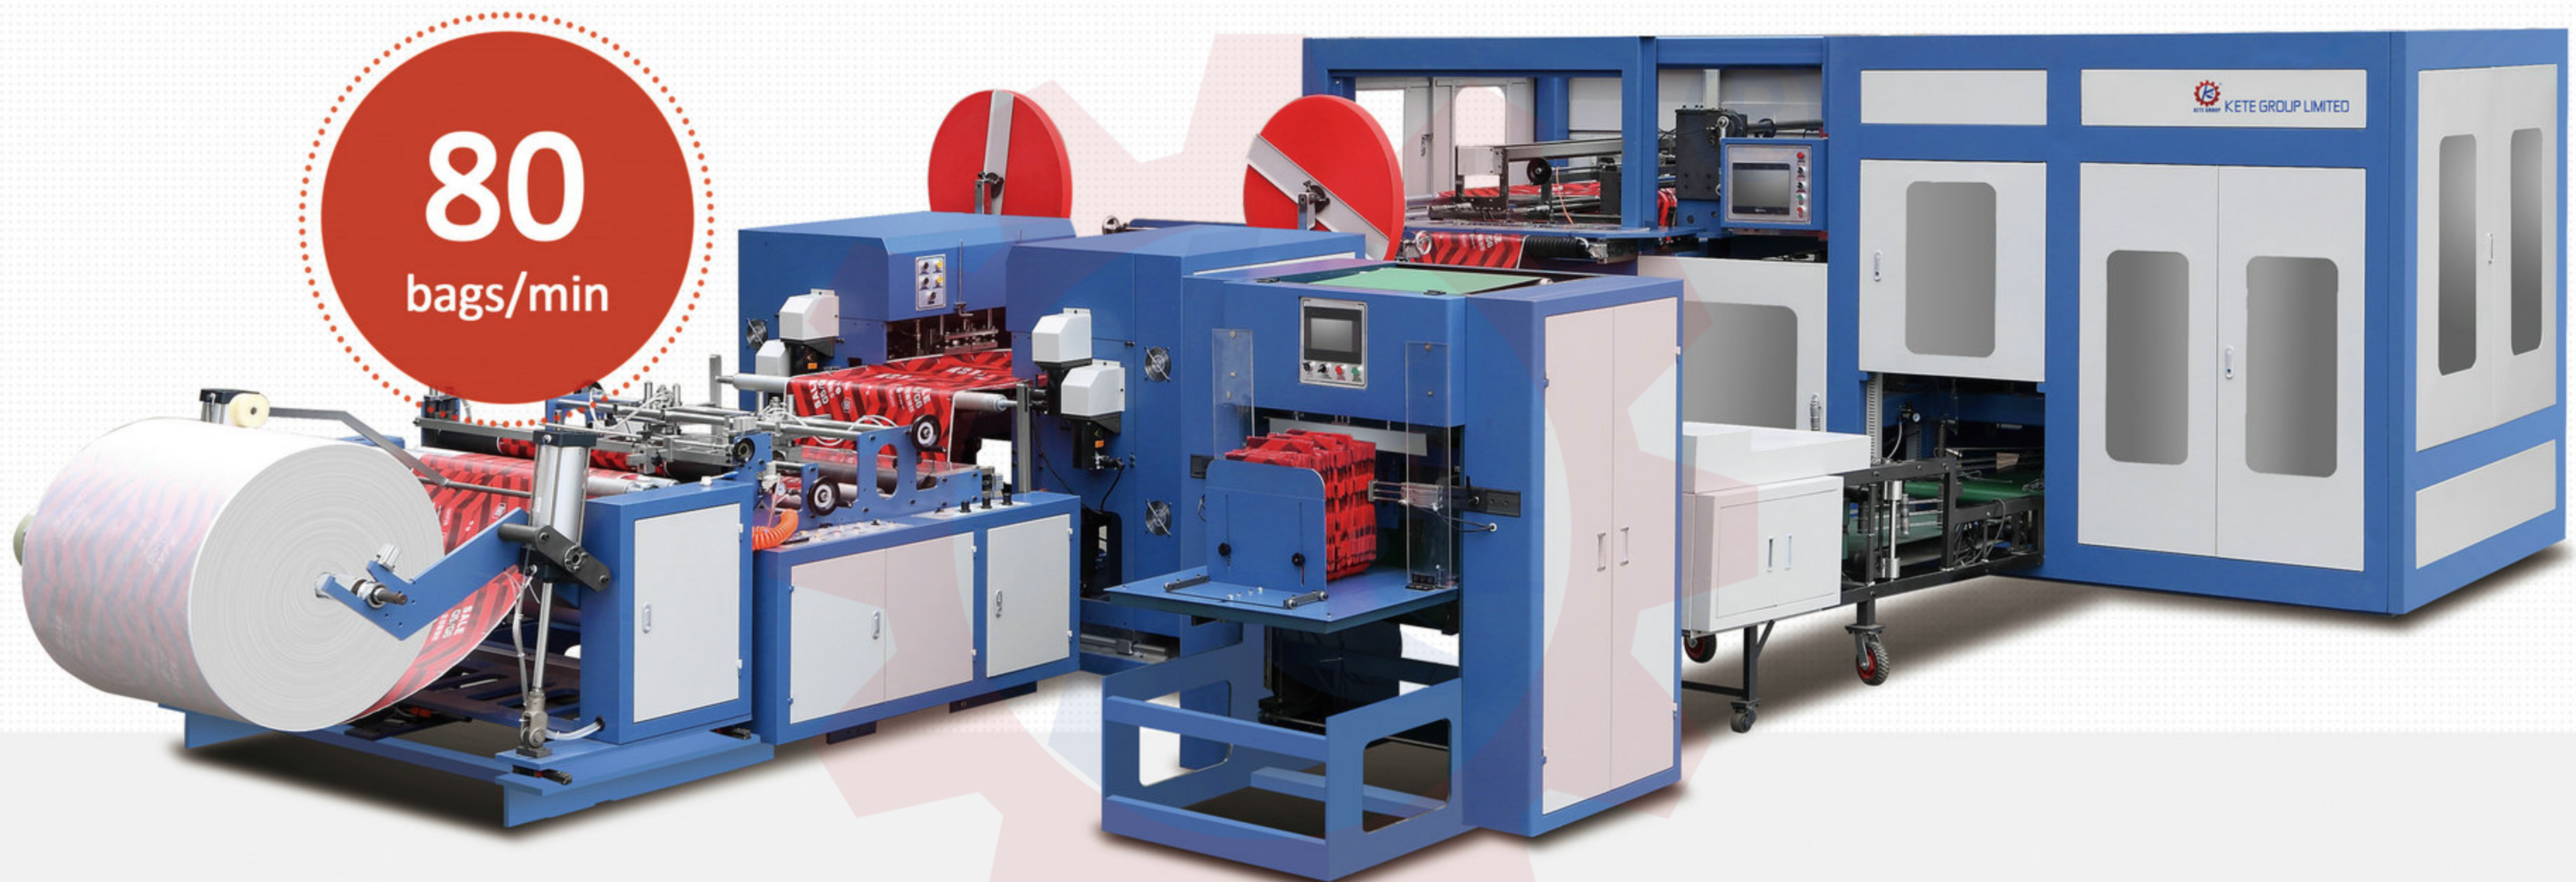

Model	KTNW-TH
Product	Side Gusse Soft Loop Handle Bag
Material	PP Non Woven Fabric
Material Thickness	30-70gsm (1.18"-2.76")
Max. Bag Making Speed	100pcs/min

KTNW-BR

Roll Feeding One Time Forming Non Woven Box Bag Making Machine

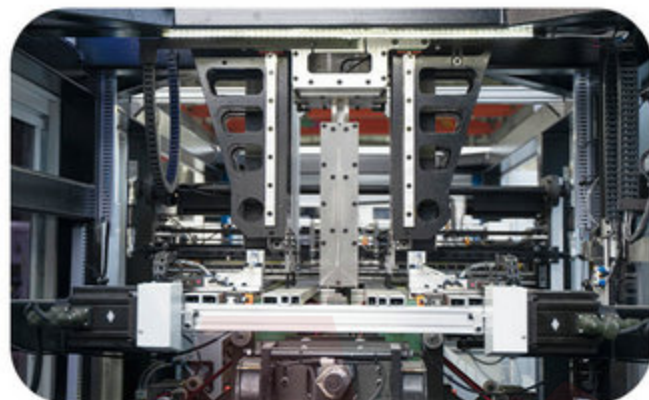

Feature:

This Non Woven Box Bag Making Machine Is Suitable to Use Roll Type Non-Laminated Or Laminated PP or RPET Non Woven Fabrics To Make Non Woven Box Bag, Laminated Pp Woven Fabric To Make Box Bottom Pp Woven Bag, Pp Plastic Film To Make Box Bottom Pp Plastic Bag In Different Size And Thickness With Good Finished.

Machine Function:

- With PLC touch Screen control system.
- Unwind with Auto loading and EPC system.
- With Auto Length Control System.
- With Auto Counting System.
- With Auto Photo Sensor Checking System.
- With Auto Bag Bottom "U" fold Function.
- With Auto Bag Bottom "M" fold Function.
- Optional: Lock Button Function.
- Optional: 3 Unwind Different Color Function.
- Optional: Double Soft Loop Handle Function.
- Optional: 1-3 Non-woven Hanger Attach Function.
- Optional: Washed Label Attach Function.

Model	KTNW-BR
Raw Material	PP Non Woven Fabric
	RPET Non Woven Fabric
	Laminated Non Woven Fabric
	Laminated PP Woven Fabric
	PP Plastic Film
Bag Type	Soft Loop Handle Box Bottom Bag
Max. Bag Making Speed	80bags/min

Non Woven Bag Making Machine

KTNW-BI

Roll Feeding Non Woven Insulated Bag Making Machine

60
bags/min

Feature:

This Non Woven Insulated Bag Making Machine Is Suitable For Using Roll-Type Laminated PP Non Woven Fabrics To Make PP Non Woven Insulated Bags In Different Size And Thickness With Good Finished.

Machine Function:

- With PLC touch Screen control system.
- Unwind with Auto loading and EPC system.
- With Auto Length Control System.
- With Auto Counting System.
- With Auto Photo Sensor Checking System.
- With Auto Bag Bottom "U" fold Function.
- With Adhesive Label Attach Function.
- Optional: Lock Button Function.
- Optional: Double Soft Loop Handle Function.
- Optional: Washed Label Attach Function.

Model	KTNW-BI
Material	Laminated Non Woven Fabric
Bag Type	Soft Loop Handle Insulated Bag
Max. Bag Making Speed	60bags/min

Non Woven Bag Making Machine

KTNW-BS

Sheet Feeding One Time Forming Non Woven Shopping Bag Making Machine

80
bags/min

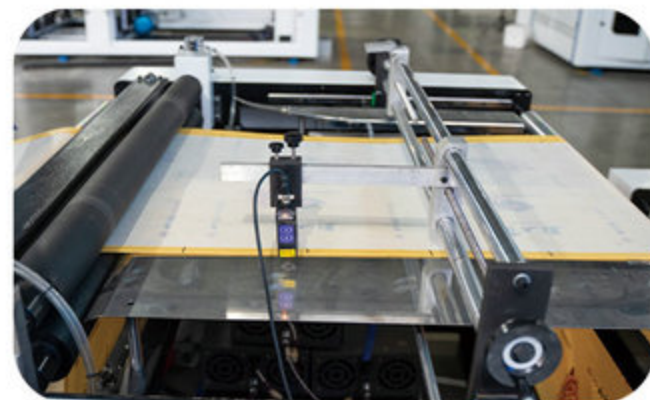

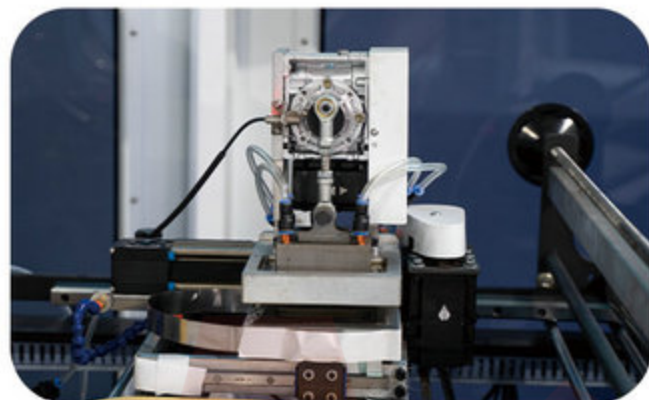

Feature:

This Non Woven Shopping Bag Making Machine Is Suitable To Use Sheet Type Laminated PP Non Woven Fabrics To Make PP Non Woven Box Bags, Laminated PP Woven Fabric To Make Box Bottom PP Woven Bags, Pp Plastic Film To Make Box Bottom PP Plastic Bags In Different Sizes And Thickness With Good Finished.

Machine Function:

- With PLC touch Screen control system.
- Unwind with Auto loading and EPC system.
- With Auto Length Control System.
- With Auto Counting System.
- With Auto Photo Sensor Checking System.
- With Auto Bag Bottom "U" fold Function.
- With Auto Bag Bottom "M" fold Function.
- Optional: Lock Button Function.
- Optional: Double Soft Loop Handle Function.
- Optional: 1-3 Non-woven Hanger Attach Function.
- Optional: Washed Label Attach Function.

Model	KTNW-BS
Raw Material	PP Non Woven Fabric
	RPET Non Woven Fabric
	Laminated Non Woven Fabric
	Laminated PP Woven Fabric
	PP Plastic Film
Bag Type	Soft Loop Handle Box Bottom Bag
Max. Bag Making Speed	80bags/min

KTNW-HS/HD

Non Woven Loop Handle Bag Making Machine

30
bags/min

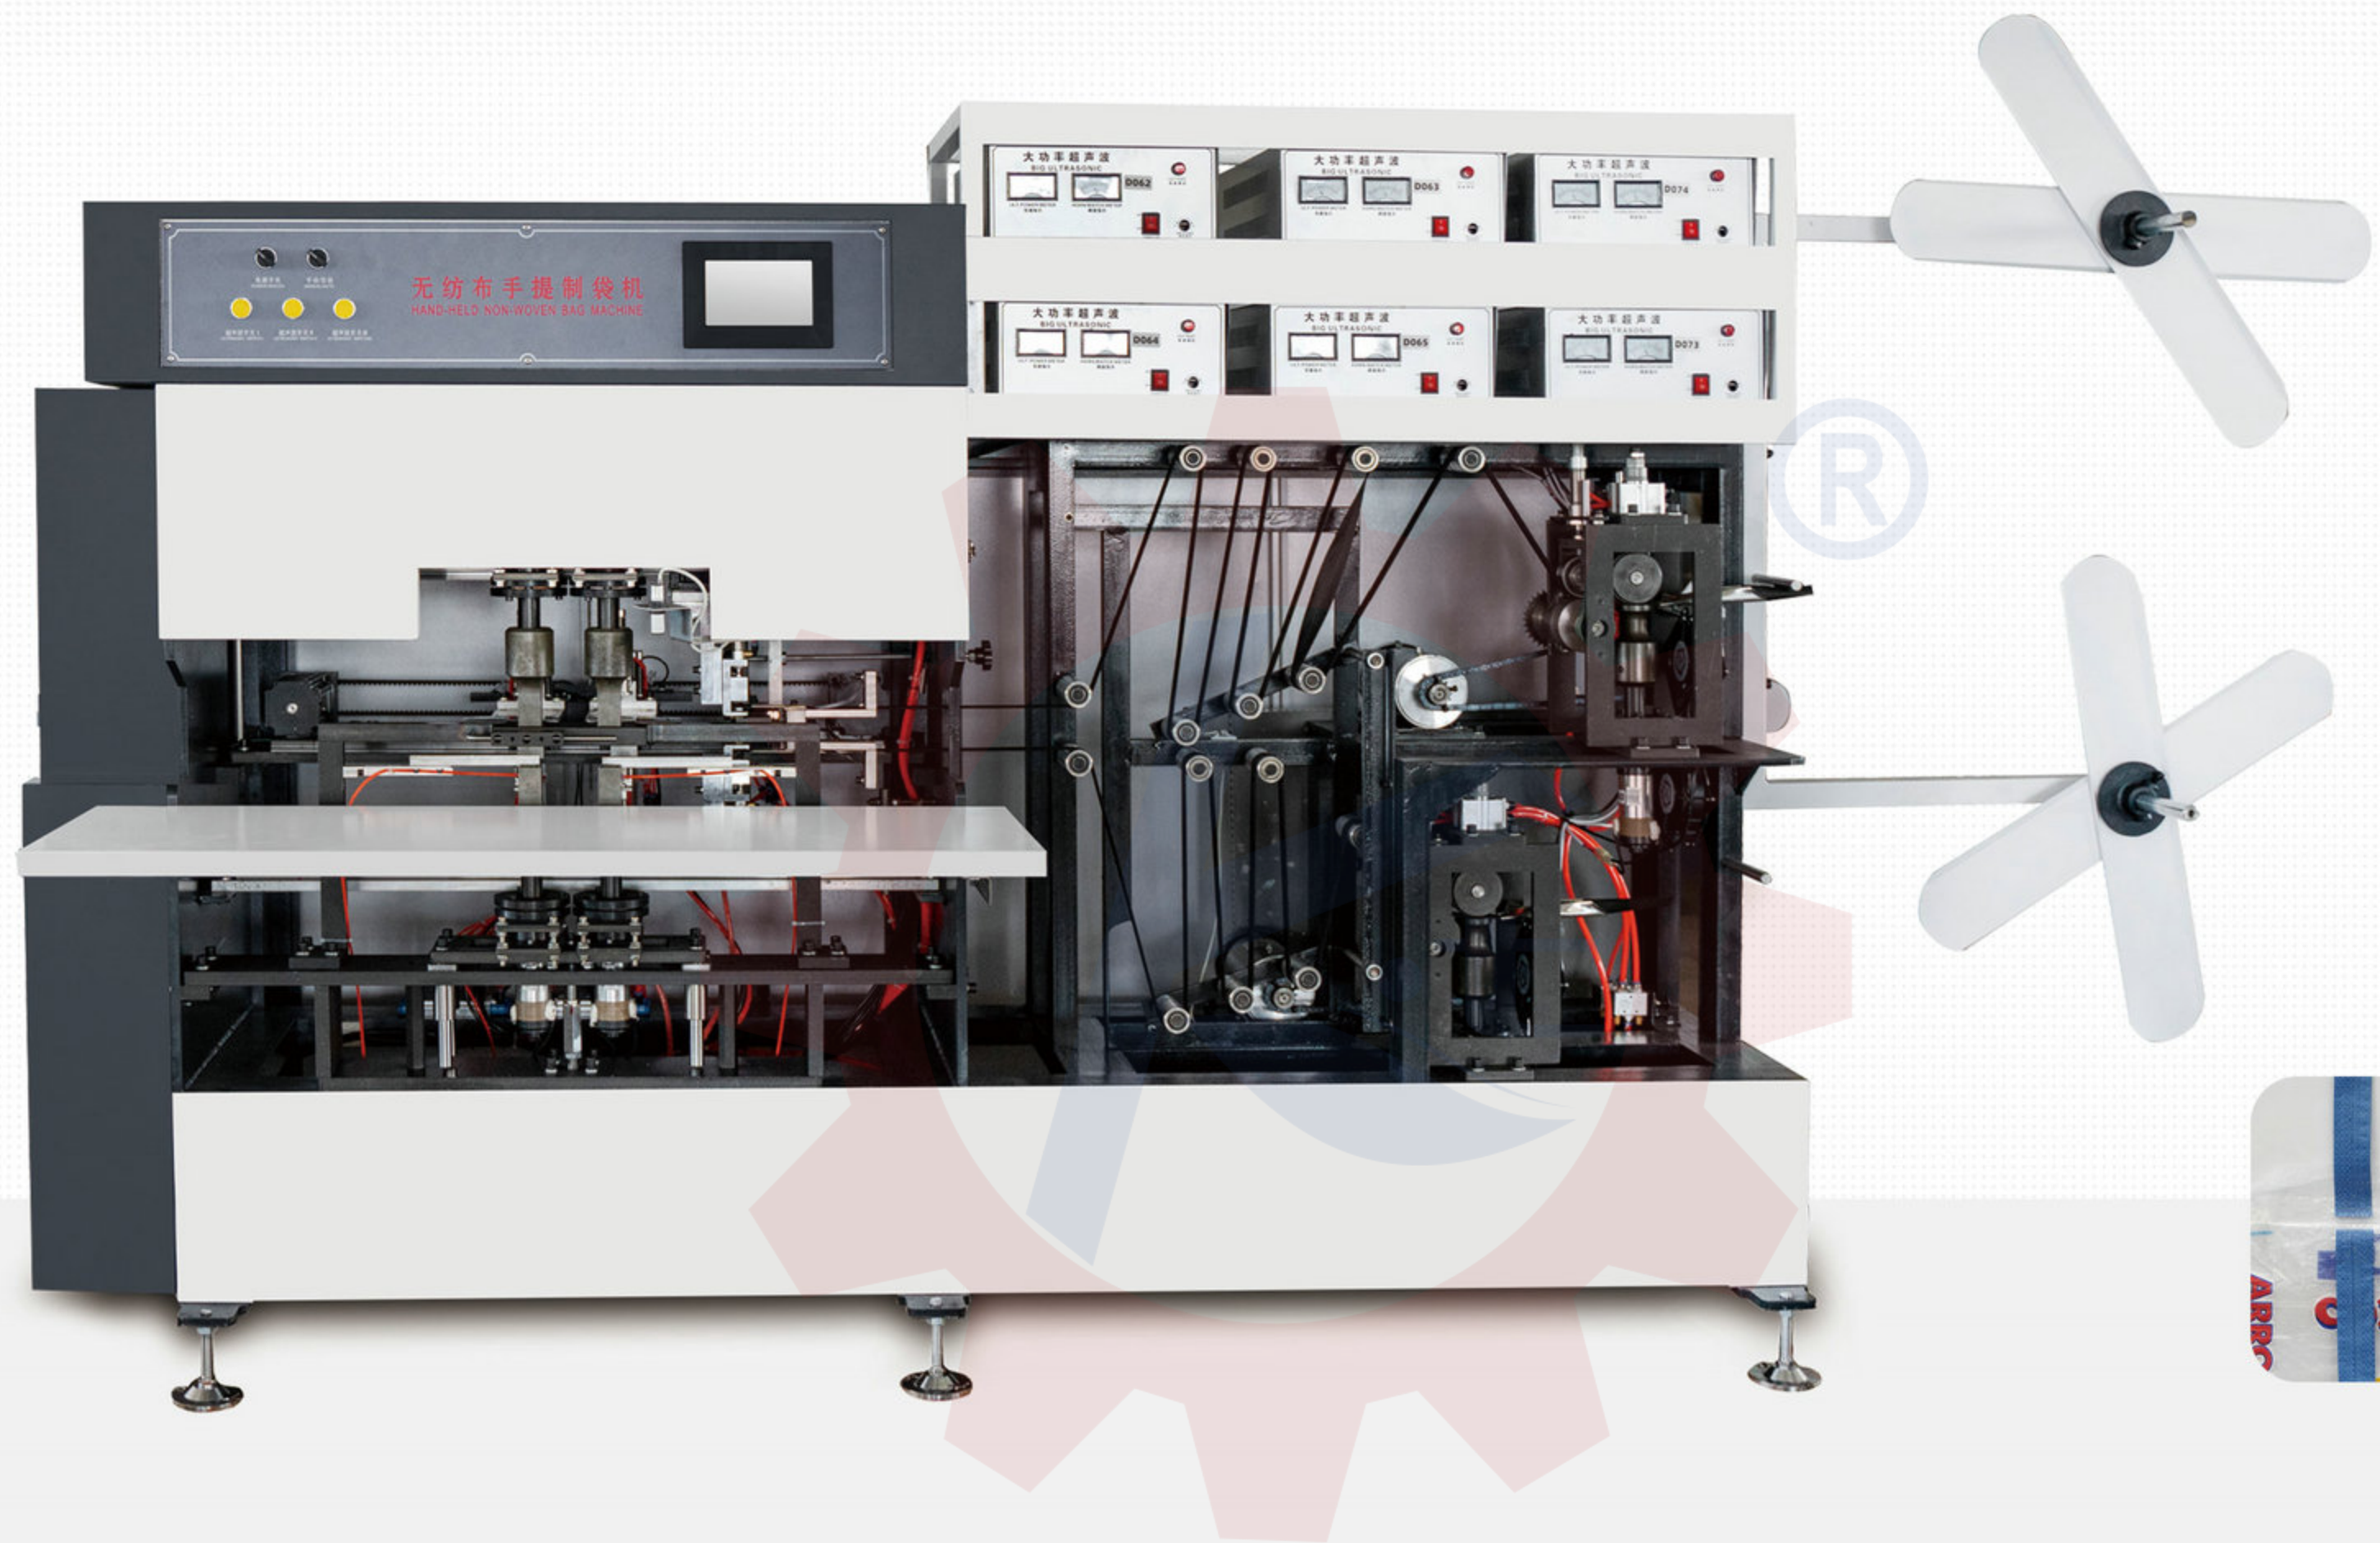

Feature:

This Non Woven Bag Soft Loop Handle Bag Making Machine Used For Non Woven Soft-Loop Handle Bag.

Machine Function:

- With PLC Touch Screen.
- With Auto Length Control System.
- With Auto Counting System.

Model	KTNW-HS/HD
Material	PP Non Woven Fabric PP Woven Fabric
Finished Bag	Soft Loop Handle Bag
Max. Bag Making Speed	15bags/min 30bags/min
